WOMAN

if SOCIAL IMPACT PRIZE 2024

Contribute to the psychological and emotional health of all women belonging to any age range, who need specific or continuous psychological support, providing the at least 120 beneficiaries, with the appropriate tools to achieve greater psychological and emotional balance, as well as in-depth information on women's rights, and the demand for social equality. Furthermore we are going to contribute to the social integration of the women beneficiaries of our project, and more specifically the IDP women, becoming aware of her rights as a woman and her leading role in the new Ukrainian society after the current war. We are also going to contribute to the greater and better economic stability of the women beneficiaries of our proposal.

ACTIVITIES

WITH WOMEN

PARTICIPATION OF THE POPULATION IN THE OBJECTIVES DEFINITION

SOCIAL IMPACT
PRIZE 2024

We have held meetings with broad population groups to know exactly the specific views regarding the role of women and minors in situations of maximum vulnerability in Ukrainian society, receive opinions on social equality between men and women, in order to have the most precise and complete updated information.

The informative meetings and workshops have taken place between December 2023 and April 2024, in all our locations.

In addition, we have had meetings with other institutions with the same objective of ensuring the newest problems and needs of minors, women and women IDPs, highlighting meetings with Red Cross and local foundations.

The population that has participated are women and men in the aforementioned localities, minors, men from public administrations, businessmen and heads of other institutions, IDP women and women in critical life situations.

The population that has participated are women and men in the aforementioned localities, minors, men from public administrations, businessmen and heads of other institutions, IDP women and women in critical life situations.
